## MISLEADING CASES IN HONG KONG

(CONTRIBUTED)

(WITH APOLOGIES TO MR. A.P. HERBERT)  
Importers Ltd. v. Globetrotter

Mr. Justice Minors in giving judgment said, "In this action the plaintiffs are suing the defendant for the price of goods sold and delivered, viz. 6 cases of Baby's Tablets. It is not claimed that the defendant ever ordered or received the goods or that he wanted them, or indeed that he could profitably have consumed them. The goods were in fact ordered by and delivered to a firm of retail druggists, Messrs. Dozem Kwik Ltd. who have not paid for them.

"By what freak of the law then do the plaintiffs claim to explore the pockets of the defendant for a debt due to them by a third party? The answer is that the action is brought under the Fraudulent Transfers of Businesses Ordinance which by the wisdom of our Legislators was placed upon the Statute Book in the year 1923.

"This enactment provides that whenever any business or portion of a business is transferred the transferee shall be liable for all the liabilities of the transferor unless he shall have given a month's notice of his intention by publication in the Gazette and two Chinese newspapers circulating in the Colony.

"The Ordinance was passed in order to protect merchants in Hong Kong against the mobility of dealers to whom they had delivered goods on credit. These gentlemen were commonly here today and gone tomorrow, so that if the sheriff was so unfortunate as to call tomorrow he would be met by polite strangers who explained that they had taken over the business during the hours of darkness, and that while sympathising with the sheriff's employers, had no concern with their claim.

"That the appropriate remedy would have been a measure of discrimination on the part of the merchants as to the person to whom they gave credit, may occur to some of us, but it is the function of this Court to ascertain the intentions of the legislature, not to criticise its policy, and the ordinance having been passed we must take the law as we find it.

## EUROPEAN AIRMAN REPORTED CAPTURED NEAR CANTON

Canton, June 15.

A European aviator is reported to be among three taken prisoner on Monday at Wong Po Tung (Yellow Grandmother Cave), a famous resort near this city, after a Japanese heavy bomber had crashed in the vicinity.

The plane crashed on June 7 after participating in the terrific air raid during which the Doumer Hospital was bombed, and the European aviator, with two Japanese companions, were discovered badly wounded by villagers, who took them to hospital.

## FLOODS ON LUNGHAI RAILWAY CAUSE JAPANESE RETREAT

### Huge Areas Now Inundated

Hankow, June 15.  
Chienkiangkou, on the north bank of the Yangtse, near Anking, was recaptured today by the Chinese after desperate fighting, according to a Chinese communique which adds that the Japanese troops stationed at Chungmou, on the Lunghai Railway midway between Kaifeng and Chengchow, have withdrawn in a southeasterly direction, as a result of the flood.—(Reuter).

## Public Warned By Magistrate

### INTERFERENCE WITH CROWN WITNESSES SERIOUS OFFENCE

A warning to the general public through the medium of the press was requested by Mr. Barnett at the Kowloon Court yesterday. The public is informed that any interference with Crown witnesses will lead to prosecution of the interfering party and that a very serious view will be taken of such offences.

Mr. Barnett voiced the warning following a request from the prosecution in the case of the Crown against Ng Yuk-ming, caterer, who appeared on a charge of obtaining money by false pretences from several owners of small food factories.

Hearing of the case was fixed for June 30 and July 5 and 6.

## CASTELLON NOT YET CAPTURED

### Insurgent Vanguard At Gates Of City

London, June 15.

The report of the complete occupation of Castellon by the Insurgents appeared to be premature as the main body of General Franco's troops have not entered the city.

Only the vanguards are at present engaging the remnants of the Government troops.

The Insurgents claim the capture of the heights around the city, while the Government admits that their troops are meeting with strong attacks by the Nationalists.

### BRITISH SHIP SUNK

The British ship, Brisbane, was bombed for the third time yesterday and sunk.—(Reuter).

### RIVER BURSTS AGAIN

Shanghai, June 15.

The second burst of the Yellow River is reported today at a position near the intersection of the Yellow River and the Grand Canal. The waters are stated to be rushing in a southeasterly direction.

The Japanese admit the flooding of Shantung but state that they have no information as to the extent, though judging from past floods there are good grounds to fear that it may be serious.—(Reuter).

### GIGANTIC PROPORTIONS

Hankow, June 15.

No details concerning the situation in the flooded area were available here, today, but it is stated that the floods have assumed gigantic dimensions.

The water is reported to have reached Yenling, on the Peiping-Hankow Railway, some 20 miles northeast of Hsuehchang, which means that the floods have already advanced nearly 50 miles.

## H.K. LEAGUE PROTEST MEETING TODAY

In connection with the Japanese bombings of Canton, a protest meeting in sympathy with the China Campaign Committee's plans for London, will be held in St. John's Cathedral Hall today at 5.30 p.m., under the auspices of the Hong Kong League of Nations Society.

A resolution in favour of holding such a public gathering was passed at an emergency meeting of the Society's Council on Saturday, at which it was pointed out that the recent bombings were contrary to all for which the League of Nations Society stood.

The Right Rev. Bishop H. Walford, the Right Rev. Bishop R. O. Hall, the Rev. N. V. Hallward of Canton, Dr. W. W. Cadbury, Mr. George She, and others, are expected to take part and the following Resolution will be placed before the meeting:

"That this public meeting of Hong Kong residents, in the name of humanity, protests against the appalling slaughter and maiming of civilians through the indiscriminate bombings of Canton and other Chinese cities by the Japanese authorities and urges everyone of goodwill to mobilise public opinion against this form of warfare which threatens the foundations of civilization."

All are invited to attend.

## KEROSENE JUNK AFIRE IN HARBOUR

### European Sergeant Makes Dramatic Rescue

Considerable excitement was caused in the harbour about 10.45 last night when a large junk, believed to be fully laden with a cargo of kerosene, caught fire while anchored off Causeway Bay.

Immediately she caught alight, the junk cast moorings in order to prevent the fire from spreading to nearby craft. She then began to drift slowly with the current towards North Point.

A fireboat was soon on the scene and began to pump water on the ill-fated boat which, as she drifted along, left behind a trail of burning oil on the surface of the water. This three other launches which came up afterwards helped to put out.

### DRAMATIC RESCUE

A dramatic rescue was effected by a European police sergeant who, noticing a woman struggling to free herself from pieces of timber which trapped her on board, swam to the side of the burning boat and released the victim. He then helped her into the police launch.

The woman, who was suffering from severe burns, was later conveyed to hospital, as were several other injured members of the crew.

The flames were put out about 11.30 p.m. when the boat was near the Talkoc Sugar Refinery, and the little of what remained of the junk was towed ashore by a police launch.

## STIR OVER BANNING OF NAZI FILM

### Censors To Report

### INQUIRY LATER?

FURTHER protests against the banning of the March of Time news-reel, "Inside Nazi Germany," following objections by the German Consulate-General, were lodged by residents of Hong Kong yesterday.

Doubts were raised as to the authority of the censors to ban a picture purely on political, instead of moral grounds.

Following publication in the Daily Press yesterday of the full story in regard to the banning of this film, the Commissioner of Police (Hon. Mr. T. H. King) announced that he had called for a report on the matter.

It is understood that an inquiry may be held but it is too early at this stage to say whether or not the ban on "Inside Nazi Germany" will be reviewed.

## JAPANESE HOLDING BRITISH STEAMER

### Shippers Anxious Over Anti-Cholera Restrictions

Shanghai, June 15.

The British steamer Shuntian is held in quarantine in Chefoo by the Japanese owing to the death of a Chinese passenger from cholera.—(Reuter).

### CHOLERA RAGES IN SHANGHAI

Shanghai, June 15.

The Shanghai municipal authorities stated today that cholera has been officially declared to be in epidemic form in the whole of the Shanghai area, including the Settlement. Hitherto, 759,000 cholera inoculations have been given.

Declaring Shanghai an infected port, the Japanese announce that no more bills of health will be issued to ships leaving Shanghai.

This means that Shanghai ships entering any Japanese occupied ports will be subjected to extra rigorous quarantine measures.

It is similarly announced that Japanese Navy claims the right to detain any ships entering Shanghai.

Foreign shippers are most anxious lest the new powers may be used to further incommode foreign merchant trade in China.—(Reuter).

### MR. LOSEBY'S SPEECH

Addressing the gathering Mr. Loseby said:—

Mr. Chairman, ladies and gentlemen:—As you will observe, our report for the year is longer and more detailed than has been customary in the past.

I trust this innovation will prove welcome: if this proves to be the case, I hope our annual reports will become more detailed as the years go on and form a more permanent record of our work.

Before I leave this subject, I would like to add that I personally would like a blue cross magazine run by the Society on the lines of our near neighbours in Shanghai. If this were done, we could give our members and the public more regular account of activities and our problems. Many of our problems are international and not local, and while many are well known to the members of the committee, they are insufficiently known to the general public and the powers-that-be. As a result I feel that a quarterly magazine is probably one of the best means by which the society can secure wider support, inside and outside its own membership.

#### EDITOR WANTED

One of the major difficulties in the way of such a magazine has been that of obtaining an editor, as the magazine would require a considerable amount of work, and it is desirable that this work should be of a high standard. Perhaps these remarks will bring us the necessary assistance.

We now come to the question of accounts. I hope you will consider these satisfactory. In any case we owe a great debt to the ladies on the committee, and our other officers, who have worked so hard to make this result possible. It has entailed a great deal of labour and collecting money is always a thankless task.

We have fortunately, a sufficient balance in hand to enable us to face the new year without undue worry on the score of expense even should we find ourselves in a position to extend our activities during the present year.

#### CANTON DISTRESS

I think it would be wrong to leave the question of finance without referring to the acute distress which exists here and in Canton. No right-thinking person can fail to be horrified at the appalling misery and distress by which we are surrounded. Some people may think that with conditions such as these, it is not the time today to stress the needs of animals. I am sure such a view is wrong.

I have seen war, and worked with and against soldiers of many nationalities and I am convinced that those peoples and those armies that have the most humane outlook on treatment of animals in peace or in war, are the most humane in the conduct of war itself. I am equally sure that no

#### HUMANE OUTLOOK

To prevent any possible misunderstanding I feel I should add that I am not referring to over sentimentality but to a sane and a humane outlook. For this reason I have every confidence in asking the public to support this Society and to show their support by an increased contribution towards our funds. I make this appeal with confidence even in these days, as I am in a position to know and I do know that those who support this society generously are the first to put their hands into their pockets to try and relieve the needs of their fellows.

#### CHILDREN'S SECTION

This now brings me to the children's section. We ought to be more than grateful to Mrs. Coldstream who started this section, particularly as her stay among us was to be so short. Mrs. de Martin has now kindly promised to undertake the responsibility for carrying on. I think we can now feel that permanency has been secured, and can look forward to a steady growth in the members and influence of this section. Above all, we shall be assured that the minds of the younger generation will be directed along sound and not purely sentimental lines.

#### LADY HO TUNG'S DEATH

During the year the society has lost one of its most staunch supporters by the death of Lady Clara Ho Tung. The committee in particular missed her genial smile and ready help at our monthly meetings. Our one consolation is that she has been spared the sorrow of hearing of the sufferings with which we are surrounded. Unfortunately, the sudden illness of Lady Clara's son-in-law, Mr. M. K. Lo, has prevented me from making proposals which I intended to make today for the erection of a tablet in her memory at the Dogs' Home. I hope however to see this done before very long.

#### DOGS' HOME

The expression "Dogs' Home" in itself seems to inhibit the idea of beauty. But I can assure those of you who have not seen the home that the buildings in themselves have real beauty, which is enhanced by the background of the Sung Hill, and in themselves these buildings make a suitable memorial for one who was a great lover of beauty, as well as of all her fellow creatures.

#### GOVERNOR'S INTEREST

In conclusion, I do not feel it is necessary for me to deal with all the matters dealt in the annual report, and I have probably spoken longer than I wished, but I do feel it would be wrong to sit down without saying how grateful the members of the society as a whole ought to be for the way in which His Excellency the Governor has shown his interest in the Society and all it stands for.

I am glad to say this interest is a practical interest reflected in the official attitude of Government towards the problems with which we are particularly interested.

### DESTRUCTION OF CULTURAL CENTRES

#### LOCAL ARTISTS TO FRAME PROTEST

The meeting of local artists called by the Hong Kong Working Artists' Guild to consider, amongst other things, drafting a protest against the destruction of cultural centres in China by the Japanese, which was to be held today, has been postponed till next week. A suitable date will be announced.

A recent meeting was called to hear Mr. Jack Chen speak on his tour to organise a Federation of Chinese Artists in co-operation with the International Federation, and it was decided that the Hong Kong Working Artists' Guild should act as the local centre.

It is announced that Dean Wilson has very kindly offered the use of St. John's Cathedral Hall for an exhibition, to be held soon, of pictures in aid of refugee relief funds.

### HEROIN ADDICTS ON INCREASE

#### FOUR DIVANS RAIDED

Evidence of the increasing number of heroin addicts in the Colony was given at the Kowloon Court yesterday when four heroin-divan keepers were convicted on charges of possession of heroin pills and divan-keeping.

The four divans raided by Revenue Officer Warden on the evening of June 8 at 243 and 249 Kiang Street and at 628 and 630 Suanghai Street were frequented at the time of the raid by no fewer than 68 heroin smokers.

The total number of heroin pills seized was 3,587.  
Three of the defendants were each sentenced to one year's imprisonment, with hard labour, and the fourth defendant was sentenced to nine months, with hard labour. Fines imposed on three of the defendants totalled \$2485.

#### ALIEN FINED

Stanislaw Bujakowski, aged 32, Polish subject, residing at No. 154 Austin Road, was yesterday fined \$15 by Mr. Lockhart-Smith at the Central Court for failing to report to the Registration Office his departure to Hankow by plane on June 10.

Defendant pleaded guilty saying that he had been called away suddenly.

### POLICE IN SEARCH OF MOTORIST

Police are in search of an alleged hit-run motorist who knocked down a boy in Hennessy Road on Tuesday.

The boy, Cheung Siu-kwai, has been taken to hospital. The car struck the child as he was crossing the road. Instead of stopping, the driver is alleged to have accelerated and disappeared along Hennessy Road.

**FOOT ITCH**  
**Athlete's Foot**

According to the Government Health Bulletin No. 2-28, at least 60% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

**BEWARE OF IT SPREADING**

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because if it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary glycerides, antiseptics, salve or ointments seldom do any good.

**HERE'S HOW TO TREAT IT**

The germ that causes the disease is known as Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

**ITCHING STOPS IMMEDIATELY**

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

# STAPLES SURPRISES!

## PRETTY SWEETS FOR YOUR NEXT PARTY

An important consideration when you are entertaining is to make your dishes as interesting and attractive to the eye as possible. It is not enough to provide good, wholesome fare, you must delight as well if you are to become a popular hostess among your friends. If you are planning a supper party you will find the following sweets very helpful, they are gay and attractive-looking and will ensure the success of your party. I would advise you to cut the recipes for future occasions.

If you are arranging a buffet supper, it is a good idea to have piles of saucers or plates with a box of spoons on a small table nearby so that guests can help themselves (and how they will at the trifles—men have just as sweet a tooth as we have when there is a tippy cake on view!).

### LARGE TRIFLE

How quickly this will vanish. Ingredients: 10 small sponge fingers, 3 glasses of home-made wine or sherry, or fruit juice, 1 dozen macaroons, 2oz. ratafia, 1 pint good custard, 1 pint cream. Split the sponge cakes and spread with jam, arrange in a glass dish and pour over the sherry, home-made wine or fruit juice.

Allow to soak for half an hour, then sprinkle over the crushed macaroons and pour over the custard. Whip the cream, sweeten and flavour, then spread it, or pipe it over the custard.

Decorate with the ratafia, canned fruit, glacé cherries, and blanched spiced almonds.

### TIPSY CAKE

Another version of this kind of sweet.

Ingredients: 1 large sponge cake baked in a fancy mould, sherry or home-made wine, 14 pints custard, 2oz. sweet almonds, a few drops of ratafia essence, crystallised fruits and blanched almonds.

Place the sponge cake in a deep glass dish, and soak with sherry, home-made wine or lemon juice. Pour over the custard flavoured with the ratafia essence. Blanch the almonds and cut into spikes, stick these into the sponge, sprinkle with chopped pistachio nuts and decorate with crystallised fruits.

Serve very cold. If you haven't an ice box, then stand the dish in a bowl of salt and water to set.

### STRAWBERRY CREAM

Decorative and delicious. Ingredients: 1lb. canned strawberries, 1oz. dissolved gelatine, 1 pint custard. Method: Rub the strawberries through a hair sieve, add the custard and the dissolved gelatine.

Mix thoroughly, then pour into a mould and leave to set. Turn out and decorate with whole strawberries.

### WINE JELLY

Ingredients: 14 pints water, 1 pint home-made wine, the juice of two lemons, the rind of one lemon, 2oz. gelatine, 3 cloves, cinnamon, the whites and shells of two eggs, 4oz. sugar, cochineal.

Wash the lemons and eggs. Place the gelatine, sugar, water, whites of eggs and crushed egg shells in a large saucepan, over a gentle heat. Cut the rind of the lemons into thin strips, and squeeze out the juice, adding water to make it up to 1 pint, add these with the cinnamon and cloves and a pinch of salt.

Whisk well until the mixture boils, skim and simmer for 7 minutes, add the wine, strain through a jelly cloth, pour into individual moulds. When set, turn out and decorate with a little whipped cream and a glacé cherry.

### GRAPEFRUIT MOONS

Grapefruit jelly served this way is sure to please. To make one dozen "moons" you need six large grapefruit. Remove the pulp, add this to two dissolved one pint jelly squares.

Make up with hot water to measure two pints, then nearly fill the grape fruit skins. Leave to set, then decorate with whipped cream, chopped pistachio nuts, a glacé cherry, and almonds.

### ORANGE SNOW

Light, refreshing jelly sweet. Ingredients: 3oz. sugar, 1 pint boiling water, 3 tablespoonfuls of cold water, 1 pint orange juice, 2 tablespoonfuls lemon juice, 1oz. gelatine, 2 whites of eggs.

Soak the gelatine in the cold water, add the boiling water and sugar, and gently dissolve over a low heat. Add the orange and lemon juice, blend thoroughly and stand in a cold place until nearly set, then whisk until very frothy, fold in the stiffly whisked egg whites, pour in a mould rinsed out with cold water. Turn into a glass dish, sprinkle with desiccated coconut.

### COFFEE CREAM

Most grown-ups appreciate a coffee-flavoured sweet.

This is easily made and is delicious to eat. You will require: 14 pints milk, 2 tablespoonfuls of strong coffee, 2 eggs, 2oz. castor sugar, 1 pint thick cream, 1oz. gelatine.

Dissolve the gelatine in the hot coffee, boil the milk in a double boiler, let it go off the boil, then add the eggs and sugar. Cook very "slowly" until the mixture thickens, then remove, and add the coffee and gelatine.

Allow to cool partly, then stir in the whipped cream. Pour into a wet mould and leave to set. Turn out and decorate with ground almonds.

### ORANGE COMPOTE

A large bowl filled with compote of oranges will tempt guests who are hot and thirsty. This is how to prepare it: Dissolve 1lb. loaf sugar in 1 pint water, and simmer for 15 minutes. Add six large juicy oranges, peeled and cut into thick slices. Sprinkle a little of the grated orange rind over the top and a few chopped walnuts.

Serve with whipped cream.

### NUT MERINGUE

A pretty green and white sweet is made with meringues and nuts. Cover the flat sides of the meringues with whipped cream containing a little finely-chopped walnuts.

Place the halves together and gently press the cream so that a little oozes out. Sprinkle with chopped pistachio nuts.

### AMERICAN GINGERBREAD

To one breakfast-cupful of granulated sugar allow two of self-raising flour. See that the flour is quite dry and that there are no lumps in it. Mix into it half a teaspoonful of salt and two teaspoonfuls of ground ginger. Beat two eggs, add the sugar to them and beat again. Sift in the flour mixture, with sufficient milk to make the ingredients into the consistency of a cake dough, turn into a buttered tin, place some pieces of preserved ginger on top, and bake for half an hour. Be sure the oven is quite hot when the gingerbread goes in, and turn it to moderate, during cooking.

## CAKE-MAKING AT HOME

### SOFT GINGERBREAD, WITHOUT EGGS

Place half a cupful of demerara sugar, one cupful black treacle, and a third of a cupful of fresh butter in a saucepan, and stir over a gentle heat until all are melted and of a thick creamy consistency. Remove from fire, and add three-quarters of a cupful of sour milk, and two cupfuls and a half of flour previously sifted three times with one tablespoonful each of ground ginger and cocoa, one teaspoonful powdered cinnamon, one heaped teaspoonful bi-carbonate of soda, and a saltspoonful salt.

Mix all together thoroughly, and beat well, and then pour the mixture into a greased tin, dusted out with flour. Bake in a moderate oven for about forty minutes, placing first on the lowest shelf, and removing to the middle shelf as soon as the top of the cake forms a soft "crust."

### EMPRESS JOSEPHINE CAKE

2 ozs. ground almonds, 3 ozs. castor sugar, 4 ozs. flour, Whites of two eggs.

Sift the flour, add the ground almonds and sugar and blend well. Beat the whites of the eggs until foamy, and add to the mixture, forming it into a paste. Roll out on a board or slab in two equal pieces, of whatever shape is desired. If the cake is to be cut up into small cakes an oblong is best, but if to be served whole the shape may be kept round. If it is inclined to stick, sprinkle the slab lightly with sieved flour.

Bake on lightly-greased tins in a moderate oven. Turn out onto a wire rack to cool.

When quite cold, sandwich the two cakes together with a thin layer of apricot jam, and decorate the top with a layer of icing made by blending two ounces of sieved icing sugar with sufficient strained lime-jelly to form a paste. Spread this over the top of the cake, and decorate the edge with thin slices of almonds and glacé cherries, placed alternately all round. For small cakes, cut into strips, and place a cherry and two thin slices of angelica in the centre of each. Leave to set.

### SIMPLE ORANGE CAKE

Take the weight of three eggs in fresh butter, castor sugar, and flour. Grate the rind of one orange finely, removing only the "outer" part of the skin, and strain the juice of the whole orange. Level teaspoonful baking powder.

Rub butter and sugar together until well creamed, add the grated rind, and beat thoroughly. Add the eggs one at a time, beating in well after each addition. Lastly add the flour sieved three times with the baking powder. Cover the bowl with a cloth, and set aside for three minutes; then add the orange juice and pour at once into a well-greased tin. Bake in a moderate oven. Turn out into a rack to cool.

This makes a nice, moist cake, which may be iced with orange glacé icing or eaten plain. It keeps fresh for several days, if stored in an airtight tin.

### TOMATO EGGS

Melt an ounce of butter in a saucepan and add a cup of cooked, sieved tomatoes (kinned ones will do), with a little of the juice poured off if necessary, as they must not be too wet. Season well with a pinch of sugar, pepper, salt, and cayenne. Bring to the boil, add a cup of finely grated cheese, remove from the heat and stir until the cheese melts. Then stir in four beaten eggs, and put on a very low heat indeed until it is all thick. Pour on to slices of toast. If too great a heat is used both eggs and cheese will go hard.

## Serve Crisp Salads This Hot Weather

Salads served crisp and cold add zest and variety to any meal. The secret of an attractive salad is to have all of the ingredients thoroughly chilled and drained. In combining them use a fork, mixing carefully so as not to mash the ingredients. Add the dressing just before serving.

### TOMATO SALAD

6 tomatoes, 1 head of lettuce, Mayonnaise. Select tomatoes of good shape and colour. Peel and cut 3 thin slices off the top of each tomato and arrange on lettuce on salad plates. Cover slices and top of tomato with mayonnaise sprinkle with paprika.

If desired, the inside of the tomato may be scooped out and the cup sprinkled with salt. Then invert and chill; when ready to serve add a chicken filling made by combining 1 cup chopped chicken, 1 cup diced celery, and 1 cup nuts with mayonnaise. Or a vegetable filling may be made by combining diced tomato, 1 cup of diced celery, 1 cup nuts, and 1 cup chopped olives or sweet pickles with mayonnaise. Serves 6.

### STUFFED CELERY

6 stalks celery, 1 cup cream cheese, 2 tbsp. Carnation Milk, 1 tsp. salt, 1 tsp. onion juice, Paprika, Mayonnaise. 1 tsp. chopped green pepper. Lettuce leaves. Select crisp stalks of celery having deep grooves. Add milk and seasoning to the cream cheese. Fill mixture securely into the grooves of celery, leaving a fluffy, rough surface. Cut into 4 inch lengths. Select a small crisp celery tip and place into one end. Sprinkle with paprika and lay two or three stalks on a lettuce leaf. Serve with mayonnaise. Serves 6.

### GINGER ALE SALAD

3 tbsp. gelatine, 1 cup cold water, 1 cup boiling water, 2 cups golden ginger ale, 1 cup lemon juice, 2 tsp. sugar, Few grains salt, 4 drops liquid green or red colouring, 1 cup chopped celery, 1 cup chopped apple, 1 cup diced pineapple, 2 tbsp. crystallized ginger, finely diced. Soak gelatine in cold water for 5 minutes, add boiling water and stir until dissolved. Then add ginger ale, lemon juice, sugar and salt. Colour, if desired. When mixture begins to thicken add remaining ingredients and chill in a mould. Serve with mayonnaise on crisp lettuce leaves. Serves 10.

### CARNATIONNAISE

(Mayonnaise) 4 tbsp. flour, 1 tsp. sugar, 1 tsp. mustard, 1 tsp. salt, Paprika, 1 cup salad oil, 1 cup cider vinegar, 3/4 cup water, 1 egg, 2/3 cup Carnation Milk. Mix dry ingredients and to this add gradually 1 cup of salad oil, 1 cup of cider vinegar, and 3/4 cup of water. Stir until smooth. Cook over a slow fire until thick and the flour is well cooked, stirring constantly. Remove from fire and beat into the mixture 1 egg (which has been slightly beaten), 2/3 cup

of Carnation Milk, and 3/4 cup of salad oil. Add the milk and oil slowly and beat very smooth. This makes 3 cups of mayonnaise. It will keep indefinitely.

CREAMY NO EGG MAYONNAISE (For fruit salad dressing use 14 tsp. sugar and 2 tsp. vinegar instead of amounts given below).

2 tsp. sugar, 1 tsp. paprika, 1 tsp. salt, Few grains pepper, 1 tsp. dry mustard, 1 cup Carnation Milk, 2 1/2 tsp. vinegar, 1 1/2 to 1 3/4 cups salad oil. Mix dry ingredients with Carnation; beat in vinegar; add oil gradually, beating thoroughly. Since the mixture thickens somewhat when chilled it may be desirable to thin it with undiluted Carnation before using, or less oil can be used if a thinner mixture is desired. Makes 1 pint.

## POSTHUMOUS HONOURS FOR GEN. TSAO KUN

Chungking, June 15.

Posthumous honours were conferred on the late General Tsao Kun, the ex-President of China, by a mandate issued by the National Government yesterday in recognition of his loyalty to the country. He was elevated to the rank of a full general.

It is said that before he passed away in Tientsin on May 16 General Tsao had been induced to head the bogus Peiping regime, but he firmly rejected.

His last words were: "The happiest news I have heard in my life time was our success at Taler chwang. I hope our troops will continue their triumphant march until all of our lost territories are recovered. Although I cannot live to see our final victory, I shall be able to close my eyes in peace." (Central News).

## PEIPING UNIVERSITIES MAY CLOSE DOWN

Hankow, June 15.

The Yenching, Catholic and Sino-French Universities in Peiping may have to close down after having firmly rejected an order of the Peiping puppet administration to take part in a mass meeting, according to a message from Tientsin.

The three universities, because of their missionary connections, are "the only institutes of higher education existing in Peiping, others having been closed following the fall of the old capital."

In rejecting the order the authorities of the universities pointed out that since the puppet government holds them responsible for "suppressing all political activities in the universities, there is no reason why the students should now be required to take part in any gathering of a political nature." (Central News).

## TWO JAPANESE WARSHIPS SUNK

Tsingyang, June 15.

Military reports received here today confirm that two of the warships concentrated along the Yangtze River between Anking and Kweichow were hit and sunk by bombs dropped by Chinese planes on June 15.

Two other enemy war vessels, it is stated, were damaged the same day.

Taking the Japanese completely by surprise, the Chinese air craft, more than 20 in number, swooped down on the Japanese warships, which were then actively shelling the Chinese positions on both the north and south banks. Tons of high explosives were unloaded, causing several fires. The Chinese machines returned to their base safely. (Central News).

It is learned that the American and French Embassies are paying close attention to the issue. (Central News).

## SABLE CICADA

Though works of fiction are not admitted by the Chinese as forming a part of their national literature, those who have imbibed Western ideas on the subject feel that the novels and romances are too important to be overlooked. The insight they give into the national manners and customs of various ages, the specimens they furnish of an ever-changing language, the fact of their being the only channel through which a large portion of the people gain their knowledge of history, are reasons too weighty to be left out of account, despite scholarly prejudice on the subject.

Foremost among these romantic tales in popular estimation is the San Kuo Chih Yen-i, "Romance of Three Kingdoms." The plot, which is founded on the historical events immediately succeeding the decadence of the house of Han, is wrought out with the most elaborate complication of details, embracing the period from A.D. 168 to 265.

Following the course of events from the imbecile reign of Ling Ti of the Han, the tale opens with an account of the insurrection of the Yellow Caps, during which Liu Pei, a descendant of the imperial family, enters into a solemn compact with Kuan Yu, now defied as the God of War, and Chang Fei to aid each other till death in upholding the falling dynasty.

The fortunes of Liu Pei are traced through a series of reverses till he assumes the royal power as Chao Lih-ti, and the empire became divided into three states, Wei, Shu and Wu. Tyranny and bloodshed mark the narrative for nearly a century, till the usurper T'ao Mao of the Wei is deposed by his minister T'zu-ma Chao, whose son founded the Tsin dynasty, which again consolidated the empire. The incident of the "Sable Cicada" occurs quite early in the story.

"Sable Cicada" is showing at the Queen's Theatre

MR. CHAMBERLAIN

## Czechoslovakia Situation

### PATIENCE MUST BE EXERCISED

London, June 14. In an answer in the House of Commons on the position in Czechoslovakia, the Prime Minister said he was hopeful with the good-will both parties were now showing, a settlement could be reached by negotiations between the Czechoslovak Government and the Sudeten Party.

But if these delicate and difficult negotiations were to be carried on in a suitable atmosphere it was essential that utmost patience and restraint be exercised both in Czechoslovakia and elsewhere. The British Minister in Prague had continued to emphasise in several recent interviews with the Czech President, Dr. Benes and members of the Czechoslovak Government, the urgent importance of reaching a comprehensive and lasting settlement by negotiations.—(British Wireless).

## NEW GOVERNOR OF JAMAICA APPOINTED

Sir Arthur Richards

London, June 14. Sir Arthur Frederick Richards, K.C.M.G., Governor and Commander-in-Chief of Fiji and High Commissioner for Western Pacific since 1936, has been appointed Governor of Jamaica in succession to the late Sir Edward Brandis Denham who died in hospital on June 2 following a minor operation.—(Reuter).

Born on February 21, 1885, Sir Frederick Richards was educated at Clifton College and Christ Church (Oxford) and entered the Malayan Civil Service as a Cadet in 1908. From 1910 to 1920 he was in various district posts in the Federated Malay States, Kelantan and Kedah.

From 1920 to 1933, Sir Frederick was Governor of Borneo after which he became Governor and Commander-in-Chief of the Gambia Colony until 1936 when he was appointed Governor of Fiji.

Sir Frederick is married and has two sons and a daughter. He was awarded the C.M.G. in 1931 and was knighted in 1935.

London, June 14.

The House of Commons met today after the Whitsun recess and a crowded House listened to a statement by the Prime Minister on the bombing of British ships in ports and territorial waters of the Government of Spain. At the conclusion of a long answer to a private notice question by the Opposition Leader, Mr. Chamberlain said that, apart from two proposals of which he gave details, the result of a detailed examination made by His Majesty's Government had been to show that effective protection could not be guaranteed to ships trading with ports in a war zone while they were in territorial waters unless Britain was prepared to take an active part in the hostilities.

"In the opinion of His Majesty's Government they would not be justified in recommending such a course which might well result in the spread of the conflict far beyond its present limits," he said.

They must, therefore, repeat the warning they have already given British shipping on November 28 and 29 last that while they will continue to afford protection as hitherto to ships on the high seas, ships entering ports which are liable at any time to be the object of military operations and attack, must do so at their own risk.

"At the same time it is impossible that attacks frequently involving the loss of life and sometimes apparently deliberate on British ships can be repeated without serious injury to friendly relations which the Burgos authorities have declared they desire to maintain with the British Government," declared the Premier.

The answer gave rise to a considerable number of supplementary questions at the end of which Mr. C. R. Attlee announced that in view of the grave issues involved the Opposition would take an early opportunity of raising a debate on the matter.

### THE STATEMENT

Mr. Chamberlain began his statement by referring to the British representations to the Burgos authorities on May 31 protesting against the damage suffered by British shipping in or adjacent to Spanish Government ports and to the reply of June 5 in which the Burgos authorities denied discrimination against British ships and gave reasons why they were unable to renounce the use of air arm including the assertion that prolongation of the war was due to importation of military supplies carried by British and other ships.

The Premier said that if by military supplies the Burgos authorities meant arms and munitions it should be recalled that by strict adherence to the Non-Intervention Agreement, His Majesty's Government had taken drastic steps to ensure no British ships carried arms into any port in Spain.

He added the Burgos authorities had been invited to furnish His Majesty's Government with any evidence in their possession on this point but no evidence had yet been produced—except in one case, at present sub judice—to show there had been any contravention of the law by British ships.

Continuing, he said that since the date of that reply air bombardments had continued resulting in the loss of several lives and further damage to ships.

### TWENTY-TWO SHIPS

Since the middle of April, 22 ships had been involved in air attacks on Spanish ports. Eleven have sunk or were seriously damaged and in several cases the attacks appeared to be deliberate. Faced with a situation which had arisen out of the development of military aircraft and was without precedent in previous experience, His Majesty's Government had given earnest consideration to what action, if any, they could take which was likely to give protection to British shipping without reversion of the policy of Non-Intervention.

Mr. Chamberlain described the difficulties which had been encountered in seeking means of protection. The problem was totally different from that which arose last summer when piracy by submarines was effectively countered by the action of His Majesty's Ships. He indicated that direct defence of ships in the present case was impossible without action which would constitute participation in defence of a port and amount to intervention.

### RETALIATORY ACTION

The Government had also considered retaliatory action of various kinds but, as at present advised, were not prepared to embark on such measures which, apart from their inherent disadvantages, could not be relied upon to achieve their object.

Finally, before coming to the declaration already cited, the Premier mentioned two proposals which, if found practicable, might go in some way to provide protection.

The first was for safety zones in certain harbours and was being actively investigated. The second

SIR KINGSLEY WOOD

## New Chairman Of Imperial Airways

### SIR JOHN REITH APPOINTED

London, June 14.

Sir John Reith, Director General of the British Broadcasting Corporation, who has been associated with British broadcasting since he became the first General Manager of British Broadcasting Company in 1922, has been appointed the new Chairman of Imperial Airways.

Sir Kingsley Wood, Air Minister, announced in the House of Commons that the Board of Imperial Airways had, with the full concurrence of the Government, invited Sir John Reith to be whole-time Chairman of the Company and he had accepted.

The Board had also nominated Sir James Price, who until recently was Deputy Director of the Ministry of Labour to be a Director of the Company which would be able to draw on his wide experience of labour and staff questions.

The present Managing Director, Mr. Woods Humphrey, had placed his resignation in the hands of the Board and it had been accepted.

The Air Secretary mentioned that the Board were asking the new Chairman to investigate the charges against the management of the Company made in the debate on May 3 and when the investigation was completed they proposed to make a public statement.—(British Wireless).

## PLANES OVER CANTON

Canton, June 15.

Twelve planes came over in this morning's raids, flying in three formations.

A number of bombs were dropped throughout the city, mostly in the vicinity of Central Park, where a number of houses were demolished.

Casualties were slight, the present official figures being ten killed and 30 injured, this being due to the fact that the district has been to some extent evacuated.

The "All Clear" was sounded at 7.30 a.m., but warning sirens again shrieked at 9 a.m.

The raiders, however, did not appear over the city, dividing their attention between the Canton Hankow Railway and the Kowloon-Canton line.

The trunk line telephone between Canton and Hong Kong was put out of commission when a bomb hit the track, several sections of which were torn up.

Repairs to both track and telephone lines were effected by noon.

The final "All Clear" signal was sounded at 11 a.m.—(Reuter).

## FINANCE COMMITTEE SUPPLEMENTARY VOTES FOR \$167,612 TO BE CONSIDERED

### \$40,000 For Relief Of Chinese Refugees

Supplementary votes totalling \$167,612 will be considered by the Finance Committee to be held in the Council Chamber this afternoon at 2.30.

Memoranda explaining the items is as follows:—

#### ESTIMATES, 1938

H.E. the Governor:—Special Expenditure. One 12 H.P. Austin Saloon—\$3,890.

A small motor car is required for the use of H.E. the Governor, and as there is no provision in the current Estimates, a supplementary vote is now requested.

Harbour Department:—Special Expenditure. Electric Welding Course—\$445.

It is considered necessary that Mr. W. R. K. Collings, Assistant Government Marine Surveyor, at present on Home leave, should take a short intensive course in electric welding.

The duration of the course is about three weeks at a cost of two guineas per week and subsistence allowance as laid down in G.O. 170 (a) is payable.

#### MEDICAL DEPARTMENT

Sulphur gas blower—\$390.

The gas blower on the Clayton apparatus has broken down and the Government Marine Surveyor reports that it should be replaced. As the apparatus is in frequent use in the fumigation of vessels, it is essential that replacement should be made.

X-Ray apparatus. Running Expenses and Maintenance—\$2,700.

The continued increase of work in the Radiological Sub-department has necessitated the use of greater quantities of films and increased the expenditure beyond the estimated requirements. The amount provided for in the current estimates will, therefore, not be sufficient.

For the first four months of the current year the number of cases has been 2,082 and films 3,604 as compared with 1,457 and 2,676 respectively for the same period in 1937 (Kowloon Hospital figures are not included).

Notification Fees, infectious diseases—\$800.

Owing to the small-pox epidemic the number of infectious diseases cases notified by private medical practitioners has increased considerably. Accounts received up to May have already exceeded this vote by over one hundred dollars.

Upkeep of Hospital Equipment—\$3,000.

After allowing for Crown Agents' commitments the balance remaining for local expenditure is almost nil. Unforeseen additional equipment is required by Queen Mary Hospital, Kennedy Town Hospital, and the old Government Civil Hospital. Outpatients Department, amounting to about \$1,500.

Port Health Officers' Office, incidental expenses, etc.—\$400.

The epidemic of small-pox has been responsible for very heavy expenditure on telegrams, etc. The vote is almost exhausted.

Special Expenditure. Electric drills—\$280.

The two electric drills in use in the Government Laboratory were examined by the Chief Electrical Engineer who recommends that they should be replaced.

#### SANITARY DEPARTMENT

Animal Depots and Slaughterhouses. Ammunition—\$2,500.

The increase in expenditure under this sub-head is due to (1) the purchase of 30,000 cartridges for the captive-bolt humane killers recently introduced for the slaughtering of cattle, and (2) the purchase of more ammunition for the Winchester rifles used for the slaughtering of buffaloes. More

buffaloes are being slaughtered this year than usual.

#### EDUCATION DEPARTMENT

Trade School; Tools and Equipment—\$6,000.

Owing to the late arrival of Crown Agents' accounts for certain items ordered in 1937 indents and chargeable to the 1937 vote, a sum of approximately \$6,000 could not in fact be charged to that vote, and has now to be charged against the corresponding 1938 vote.

KOWLOON-CANTON RAILWAY Goods Wagons. E-4-4-1 Repairs—\$5,500.

Owing to the increase in goods traffic, heavier repairs have been found to be necessary in respect of goods wagons. The amount provided in the current estimates has proved insufficient to meet all running repairs.

Railbus for running a shuttle service between Fanling and Tai Po Market—\$121.

Owing to the cost of the chassis necessary for the construction of the railbus being higher than the estimate, a small excess of \$120.23 has been caused on this vote.

#### HONG KONG VOLUNTEER DEFENCE CORPS

Ammunition—\$4,535.

In October, 1936, 65,000 rounds of Small Arms Ammunition were ordered from the Crown Agents. This ammunition was not received until 3.11.37, and the account, for £339.16.11, was received for payment in the Crown Agents' account for March, 1938, and was paid from the 1938 vote.

The balance of the vote after allowing for 1938 commitments is insufficient to meet this charge and further provision of \$4,535 is requested.

Fifty sets equipment—\$3,855.

Since Estimates for 1938 were framed authority has been received for the formation of a Chinese Company (No. 4 M. G. Company). The unit has been formed and is well advanced in its training. It is now necessary to equip them in readiness for the 1938-1939 Training Season which commences in September and 100 sets of Web Equipment are necessary for this purpose.

#### MISCELLANEOUS SERVICES

Printing and Binding:—Civil Service List—\$28.

The cost of this year's Civil Service List is greater than was anticipated owing to the increased number of pages.

#### CHARITABLE SERVICES

Alice Memorial and Affiliated Hospitals—\$17,000.

Government undertook in 1935 to make a dollar for dollar grant up to a maximum of \$50,000 to the Nethersole Hospital Building Fund, and a supplementary vote for the sum of \$33,000 was approved by Council in respect of the year 1937.

The Hospital has now collected or obtained satisfactory guarantees for the balance of \$17,000, and Council is now invited to vote a similar sum in fulfilment of the promise.

Maintenance of Lepers in Hong Kong—\$8,000.

The Tung Wah Hospital is undertaking the maintenance of open in its infectious diseases hospital, but Government has agreed to meet the cost which is estimated at \$9,000 for the current year.

Previously the cost of this service was met from other charitable allowances, but with the recent large increase in the number of lepers it is desirable to make special provision.

Tung Wah Hospital. Relief of Chinese Refugees—\$40,000.

Provision made by supplementary vote—\$9,777.

## FIRE CHECKED IN TIME AT KAI TAK

### Ground Crew And Fire Brigade's Good Work

Smart action by the ground crew and fire brigade prevented a serious outbreak of fire at Kai Tak aerodrome at 7.30 a.m. yesterday.

When the fire, which broke out in the south-east corner of the hangar, was detected, flames were rising almost to the roof.

Immediately the fire gong was sounded, the ground crew rolled several small planes out of the hangar and made way for the fire brigade to instantly quell the flames.

Oil and gas containers, equipment of the C.N.A.C. and spare parts for the burned R.M.A. Dorado were threatened by the fire but were only slightly damaged.

The fire was started by sparks and bits of burning paper which were sucked in through a large fan attached to the outside of the wall, near which several coolies were smoking.

## MISHAP ABOARD ENTERPRISE

An unfortunate accident occurred on board H.M.S. Enterprise just before she sailed for Home on Tuesday.

Whilst engaged on some work on the ship in harbour, H. W. Lewis, blacksmith of the Portsmouth Division, slipped and fell on his head, sustaining a fractured skull. He was rushed to the Royal Naval Hospital, where his condition is regarded as fairly serious.

Provision made by supplementary vote—\$13,600.

Total: \$23,577.

The cost of refugee relief services undertaken by the Tung Wah Hospital for the 2nd Quarter is estimated at \$40,000. Funds are urgently required and as no provision for this has been made in the estimates a supplementary vote is requested for \$40,000.

#### PUBLIC WORKS DEPARTMENT

Special Expenditure. Diesel Electric Generating Set—\$12,500.

A sum of \$36,000 was provided in the estimates for 1937. In view of the transfer of the wireless section to the Post Office Department, it was decided to await the return from leave of the Wireless Engineer before proceeding with the erection of the building which will accommodate the new plant now received from England.

#### PUBLIC WORKS RECURRENT

New Kowloon Buildings; Improvements to Buildings—\$5,600.

The conversion of the lower huts at Lai Chi Kok into an infectious diseases hospital has rendered necessary the work of mosquito proofing the Subordinate Officers' Quarters, which are situated in close proximity to the hospital wards.

Water Meters; Upkeep and repairs (Kowloon)—\$20,000.

Water Meters; Upkeep and repairs (New Kowloon)—\$1,500.

The number of water meters requiring repair has been much greater than was foreseen when the current estimates were prepared. Sterling prices for spare parts have increased and more labour is employed in the workshops. The amount provided for this service is now inadequate to meet the cost of maintaining a reasonable standard of water meter efficiency throughout the year.

In the interests of both the Government and the public, it is considered necessary to maintain this standard, and a supplementary vote is accordingly requested.

## AMBULANCE BRIGADE ANNUAL REPORT

### Memorable Year In 1937

Interesting information is imparted in the annual report of the St. John Ambulance Brigade Overseas (Hong Kong and China District) for 1937 to March 31, 1938.

Sincere and deep regret is expressed at the departure of the former Governor, Sir Andrew Caldecott, and Lady Caldecott, who identified themselves closely with the work of the order, and a hearty welcome is extended to His Excellency the Governor, Sir Geoffrey Northcote, and Lady Northcote.

"We are singularly fortunate," adds the report, "in an as much as H. E. the Governor, who has been appointed a Knight of Grace of the Order of St. John, has consented to become President of the Association as well as Patron of the Brigade, and Lady Northcote, Patroness and Lady Superintendent in Chief of the Nursing Division. Both the Association and Brigade are greatly honoured."

The report goes on to state that for the first time in the history of the Association (1884) and Brigade (1916) the Chapter General of the Order made personal contact by sending Colonel J. L. Steeman, C.B., C.M.G., G.B.E., M.V.O., Chief Commissioner Overseas, who acted in a dual capacity, in representing H.R.H. the Duke of Connaught, Grand Prior of the Order, and as Chief Commissioner of the Brigade Overseas.

#### THE CORONATION

"The visit of the Hong Kong contingent to the Coronation and St. John Ambulance Brigade Jubilee celebrations greatly impressed the members with the respect and high esteem in which the order is held throughout the Empire," the report continues.

"Owing to the Sino-Japanese trouble there has been an increase in the number of candidates taking first aid and home nursing, especially amongst the women, and more classes are in the course of formation. Anti-gas lectures have proved exceedingly popular, especially among the Chinese."

Owing to the severe cholera epidemic, the aftermath of the Colony's most disastrous typhoon in September last, and the number of refugees pouring in from all parts of China, the ambulances have had a strenuous time, the report states.

The report deals comprehensively with the various activities of the Ambulance Brigade, recording that 1937 was a memorable year for the local Corps.

An interesting account of the Coronation and St. John Ambulance Brigade Jubilee Celebrations is penned by Mrs. Rose Langley, Lady District Officer and Honorary General Secretary of the Corps and Association.

## TRESPASSING IN GOVERNMENT PLANTATION

Sentences of "six months' imprisonment each, with hard labour, and fines of \$250 each, in default another 'three months' hard labour, were passed on Lu Ping and Lu Lam, convicted at the Kowloon Court yesterday before Mr. Barnett of trespassing on No. 9B Government Plantation and of being in possession of two pine trees, worth \$35 and \$25 respectively.

The first defendant was also fined \$25, in default two weeks with hard labour, on a previous conviction of being in possession of stolen firewood, for which he had been bound over to be of good conduct.

Remarking on the number of such cases tried almost daily at the Court, Mr. Barnett said that evidently the law was not strict enough with tree-cutters to merit their respect and, consequently, he would try to remedy this by recommending both defendants for banishment.

## COLONY HEALTH

Six cases (one imported) of measles, five of enteric fever, two each of cerebro-spinal fever and diphtheria and one each of dysentery and small-pox, were notified to the Health authorities on Tuesday.

## JAPANESE "EXPLANATIONS"

ON TUESDAY it appeared that the seemingly impossible had happened. The Japanese were at last to explain their atrocious behaviour in China!

In London, an influential delegation from the China Campaign Committee, which is protesting against Japan's invasion of China, called at the Japanese Embassy by appointment but the Ambassador refused to see them.

In Geneva, by threatening to resign, the Japanese representative at the meeting of the Oplum Committee of the League of Nations succeeded in preventing the screening of a film showing the methods employed by the Japanese in distributing opium throughout the "occupied" regions in China.

That he would have been unable to refute the damning evidence contained in this film was obviously the cause for the protests by the Japanese representative.

By these actions it seemed that at last the Japanese had realised that world opinion was against them and that it was not in their interests to cause further opposition by blustering attempts to justify their black record in the China campaign.

BUT THE leopard cannot change its spots and the true Japanese spirit showed up again when the Japanese Ambassador in London, after a night pondering the matter, consented to receive the deputation from the China Campaign Committee.

As usual, his replies to the deputation showed the expected Japanese inconsistency.

JAPANESE INCONSISTENCY Originally the Japanese aim was supposed to have been to beat China to her knees, but it appears now, according to the Ambassador, that the first intention was to localise the war in the north.

To use the words of this eminent diplomat, the Japanese "reluctantly" had to go on to Shanghai and Nanking.

Why "reluctantly" he has failed to explain and the zest with which the invaders set about destroying Shanghai and the bestial manner in which they murdered and raped in Nanking can hardly be reconciled with the term "reluctant."

After having "reluctantly" taken Shanghai and Nanking, the Ambassador went on to say that "Japan was forced to spread the conflict to Canton."

## NAZI FILM BAN PROTESTS

(LETTERS TO THE EDITOR, HONG KONG DAILY PRESS)

## PUBLIC STATEMENT WANTED

Sir,—May I congratulate you and the Hong Kong Daily Press on the excellent attitude which you have adopted in connection with the banning of the March of Time news-reel, "Inside Nazi Germany."

The weak-kneed attitude of the authorities here in bowing to the objections of the German Consular authorities is one that must be heartily condemned, especially in view of the fact that Hong Kong is a British Colony and one not subject to Hitler and his Nazi laws.

Germans in China and in various other places abroad may have their own way in certain matters and may be subject to the dictates of the Hitler regime but here in Hong Kong they must be made to understand once and for all that the Colonial Government of Hong Kong is not going to submit to their dictatorial methods.

They must also be given to understand that, while they live here in Hong Kong, they are not subject to the laws of Nazi Germany but to the laws of Great Britain.

It appears that the German Government is trying to take a leaf out of the "books of the Japs" in that anything that is not to their liking is anti-German or anti-Jap.

Well, the stand you have taken shows that there are at least some Britons here who are not going to tolerate this and it is a pity that the Government of Hong Kong did not take up the same attitude.

I doubt if any good or sane reason can be adduced to show why the film should not be exhibited. If there is, then let the authorities make a public statement on the matter.

ANGEL

Hong Kong, June 15, 1938.

## HIGH-HANDED ACTION

Sir,—The banning of the news-reel "Inside Nazi Germany" is not the only instance of high-handed action by the Hong Kong film censors.

In the Chinese film, "Fight To The Last," which is currently showing at the Central Theatre, several thousand feet depicting the brutalities of Japanese troops towards Chinese women and children have been cut by the local censors.

The reason blandly given is that "such occurrences are not true."

Such a statement reads as if it had emanated from a Japanese spokesman rather than a British official, and creates a most disquieting impression in the minds of those who wish justice for China in her fight against Japanese aggression.

FREEDOM

Hong Kong, June 15, 1938.

## INDIGNANT FILMGOERS

Sir,—Allow us to congratulate you for your frank and fearless leader in today's Daily Press commenting on the banning of "March of Time," which reports along the line of "Inside Nazi Germany."

We, too, were a couple of "indignant filmgoers" who were very much disappointed to have seen a news-reel, so valuable as it is, shown without its original commentary.

At first we put the whole blame on either the exhibitors or the distributors for having failed us, and at one time we almost would have asked for "our dollars" back, had we not read the "biggest scoop" of the season in today's Daily Press, all about the "low down" on the banning of the film.

And a question strikes us as it would every intelligent man: "Who is running this Colony any way? The British or the Nazis?" After reading the correspondence of the General Amusements, we now understand thoroughly who was responsible for the banning of the film.

And so we have the conviction that it is high time we should have the machinery of the local censorship repaired for its deflection.

We therefore demand a "show-down" otherwise it would be bad enough to have this kind of practice continue without check, and with the possibility that we might have soon a "Nazis' Hong Kong."

Again we congratulate you, dear Editor!

"KEEP THEM NAZIS OUT!"

Hong Kong, June 15, 1938.

## SIMILAR OBJECTION

Sir,—It is most interesting to read from your esteemed paper how, upon the request of the German Consulate General, the "March of Time" was banned after it had been passed by the local censors.

My readers can well imagine how disappointed and indignant I was to find that I was deprived of the right to see this news-reel especially when I had paid only to see this particular reel which had been so widely advertised.

The matter really sets one wondering is "Who is running this British Colony?" To my knowledge, a similar query was thus answered by the local government when a protest was lodged by a certain Consulate General concerning a certain film alleged to be depicting the vice of that particular nation. Believe me, "Who is running this British Colony?" was actually the reply.

TIME MARCHES ON! Who is running this British Colony? The Germans!

## SHOTS CAUSE GOVERNMENT HOUSE STR

Two shots fired by a sentry, apparently affected by the heat, caused a mild stir at Government House on Tuesday, it was learned yesterday.

Both of the shots were fired into the ground, one of them ricocheting and puncturing the petrol tank of a passing motor car.

The sentry was immediately seized by a sergeant, but he had collapsed.

H.E. the Governor (Sir Geoffrey Northcote) was playing bowls nearby when the incident occurred.

## Hello &amp; Goodbye

—BY A. W. HYER—

**EURASIA AVIATION CORPORATION—CONGRATULATIONS.**  
Another step in the progress of air transportation was made by Eurasia Aviation Corporation this week.

A new schedule includes a twice weekly round trip service from Hong Kong to Kunming via Luclow and Kwangsi. The trial flight was conducted Monday, with Captain W. L. Lutz at the controls, assisted by co-pilot K. T. Yung.

Wednesday, 7.45 a.m., Captain Lutz took off for Kunming on regular schedule.

Travelling were Mr. P. M. Shu, Mr. H. P. Wong, Assistant Manager of the Operating Department of Eurasia Corporation, Mrs. F. Chung, Mr. Y. T. Chang, engineer of Eurasia Corporation, Mrs. F. Chan, Miss K. H. Fung and Mr. K. T. Yung of the Central News Agency.

A large crowd of friends and spectators were at Kai Tak to see the passengers off and pay their respects to Eurasia Aviation Corporation in their new achievement. Time has been galloping forward, but hold on, here we are, coming in on the last lap with customers of the past week-end.

M.V. Victoria

**STOPPING ONLY FOR A MORNING** call, the M.V. Victoria left last Friday noon for Shanghai (and—here she is, in today—Oh! dear, excuse please).

Mr. C. C. Chang, Manager of the Purchasing Department of the Central Trust of China departed for the north. He will spend several weeks in Shanghai, taking care of his personal business in said city, then back to Hong Kong and the rush of business here. Mr. Chang is a very busy man but he likes it, he reports.

Eurasia Aviation Corporation

**IN FROM HANKOW** via one of Eurasia's planes last week were Mr. H. Leipu and Mrs. I. Mayer. The banking business claims their business activities.

These two charming travellers will visit in the Colony for several weeks with friends then proceeding on to Germany.

Before we could gather any information as to conditions in Hankow, Mr. Leipu and Mrs. Mayer were whisked away by their friends who were out to greet them. We do hope you have a pleasant stay.

Now we ask you—what did we do with our Scooter. What can we do when we have the Empress of Asia—the M.V. Victoria and the S.S. Scharnhorst, all leaving Friday about noon. All those whistles going at once, we thought it was just the time to look for a nervous breakdown.

S.S. Scharnhorst

**WE WERE SORRY TO SEE YOU** go and hope that you will be back soon—Did you have a good time?

The very attractive Miss Mary Francis Bell was given a rousing send off to Shanghai.

Miss Bell has spent several weeks visiting and vacationing in the Colony and is now ready to resume her tasks with the Family Organization in Shanghai, Bell Lumber Company.

The piled up flower baskets in her cabin and the many friends gathered to bid "Bon Voyage" expressed the pleasure and fun which was had by all in the past weeks of Miss Bell's visit. We will certainly miss you.

Surrounded by gobs of luggage and his many friends was Mr. K. C. Chung in cabin No. 108 when we attempted to attack him.

Mr. Chung on his way to Shanghai was winding up a business and vacation trip of two weeks in the Colony. We tried to secure more information for you regarding this courteous Chinese gentleman but his friends would have none of it. However, Mr. Chung will be a caller shortly in the Colony again and by that time we will have the ten words of Chinese down pat and can compete, maybe with all the well wishers in Chinese who go down to bid their friends Happy Voyage.

C.N.A.C. Wednesday A.M.

**CAPTAIN P. SHARP** bound for his Hankow, Chungking run, took off 7.10 a.m.

## WEDDING AT REGISTRY

## FINANCE COMMITTEE

(Continued from Page 7)

Hong Kong, Maintenance of Telephone Including all Cables.—\$1,830.

When Cable and Wireless, Ltd. took over Government Commercial W. T. Services early this year, it was necessary to lay a control cable from their Offices in Connaught Road, to connect with the Government control cable. The cost of this work amounted to \$1,830. This expenditure was not included in the estimates for 1938, and a supplementary vote is accordingly requested.

An annual rental for use of the cable will be charged.

Housing Disinfectant at Kennedy Town Hospital.—\$2,000.

To meet the urgent need of disinfecting apparatus at the Kennedy Town Infectious Diseases Hospital it is necessary to remove the disinfectant from the old Victoria Gaol to the Hospital. A new house and fuel will have to be erected for this apparatus, the cost of which is estimated at \$2,000.

Recreation Ground.—\$2,500. This sub-head of Public Works Extraordinary was voted for the provision of a recreation ground at Kowloon for the Police. No provision was made for fencing in the area and this is now considered necessary at a cost estimated at \$4,000 of which one-half will be contributed by the Police Sports Fund.

Alterations to Offices in Supreme Court.—\$3,500. In order to provide adequate accommodation for the public requiring to search official records, and to provide better storage space for these records, it is proposed to effect certain alterations to the old No. 3 Court, which is used as a general office in the Official Receiver's Department.

It is desirable that this work should be put in hand as early as possible and a supplementary vote for \$3,500, which includes the cost of new furniture, is requested.

**PASSPORT OFFICE** Passport Office at Chung Tin Building.—\$4,400. The rooms on the fifth floor of the Chung Tin Building have been taken over for use as the Government Passport Office.

The cost of providing furniture and equipment, and effecting certain structural alterations is estimated at \$4,400.

Kowloon Hospital, Temporary Isolation Block.—\$12,000. On October 20, 1937, a supplementary vote of \$9,500 was approved by the Finance Committee for the construction of a temporary Infectious Diseases block at Kowloon Hospital. No expenditure was actually incurred in 1937 and it has now been necessary to review the estimate in view of rising costs of building and extra accommodation which is now required.

The revised estimate is \$12,000 and a vote for this amount is requested.

Eastern Pumping Scheme.—\$738. Contract No. 49 of 1935 for the above work was completed in 1938, under estimates for that year. Funds had been provided sufficient to cover the retention money, \$737.40, but the contractor did not apply for this until this year and a revote is requested.

Total: \$167,612.

# JAPAN WATCHING TO KWANGTUNG INVASION THREAT

## PROVINCE PREPARED

### Complications May Follow Occupation Of K.C.R.

(FROM OUR OWN CORRESPONDENT)

Canton, June 15. The heavy air raid on the eastern and central districts of Canton this morning and the announcement of the Japanese spokesman at Shanghai of the impending occupation of this city are intended to throw the people here into consternation is the opinion of well-informed circles.

That an invasion is inevitable was recently stated by Governor Wu Te-chen, who added that Kwangtung was ready for the attack. Foreign circles here wonder how many troops Japan can spare in the South China expedition. The threatened occupation of the Canton-Kowloon Railway may bring international complications, and it is believed here that Japan is waiting for foreign reactions to her threatened invasion.

#### 19TH ROUTE ARMY REPORTS UNTRUE

Japanese reports stating that Generals Chiang Kwang-nai and Tsai Ting-kai were asked to reorganise the 19th Route Army for the defence of this province and that they had refused following a meeting in the home of General Chen Chi-tang, former military governor, are without foundation, a former colonel of this army told newspapermen today.

The officer explained that most officers and men of the 19th Route Army had joined other divisions and army corps on active service at the front or garrison duty in Kwangtung.

It is learned that General Chen Chi-tang is now in Hong Kong, where his wife is ill.

#### CITY STRAFED

Canton, June 15. After a few days' respite, Japanese planes resumed their wanton air raids over the city this morning.

Six bombs landed in Chinnam Street, and a 500 pounder fell in

Tai Tung Road, making a crater more than 10 feet deep and about 30 feet wide.

The planes also strafed the city with machine-gun fire. One policeman was hit in the head and was instantly killed. (Central News).

#### PEASANTS KILLED

Canton, June 15. Over 70 peasants were killed when a bomb was dropped on Tzu Pu Ti Village, east of Tunshan, this morning.

One bomb was dropped near the Tunshan water tower in an effort to cut off supply to that suburb. (International).

#### (See Also Page 8).

#### REFUGEES TO EVACUATE

Canton, June 15. Large numbers of women and children have applied for transportation to places of greater safety.

Most of these refugees will be moved to Poklo, on the East River, Samshui on the West River, Shun-tai, south of Canton and Fayer, on the North River. (Central News).

## PRETTY CHINESE WEDDING

### Governor Attends Reception TS'U-CHANG

A pretty wedding took place at the Registry, Supreme Court, yesterday when Miss Beatrice Chang, daughter of the late Mr. and Mrs. Chang Ban-chun of Shanghai, was married to Mr. Ts'u Tsun-on, J.P., Honorary Aide-de-Camp to His Excellency the Governor, and son of Mr. S. W. Ts'u C.B.E., J.L.D.

The ceremony was performed by Mr. T. S. Whyte-Smith, Registrar of Marriages, and the best man was Mr. Victor Lam. The bride was given away by her brother, Mr. S. Z. Chang, manager of the local branch of the China and South Sea Bank.

Miss Jennie Cecelia Wong was the bridesmaid.

Witnesses of the ceremony were the father of the bridegroom and the bride's brother.

The bride's dress was of genuine white Valenciennes lace combined with silk net, in Victorian style. Her veil was a short one, ending just below the hips.

Miss Jennie Wong, the bridesmaid, wore a dainty creation of pink, organdy, with a bunch of flouncings at the hem, and tucks encircling the throat, also a cap of blue and pink flowers with veiling.

Both the bride and bridesmaid carried Victorian posies.

#### THE RECEPTION

A reception was held later in the Hong Kong Hotel, at which His Excellency the Governor and Lady Northcote attended. Amongst the others who attended were Hon. Mr. N. L. Smith and Miss Judith Smith, Mr. D. J. Sloes, Sir Robert Kote-wall, Mr. Ho Koon-tong, Hon. Mr. T. H. King, Mr. Cyril Champkin, General Chan Ki-yau, Hon. Dr. Li Shu-tan, Mr. Li Tse-tong, Mr. J. Owen-Hughes, Mr. Kan Tong-poi, Mr. Ngan Shing-kwan, Hon. Sir Henry and Lady Pollock, Hon. Mr. R. M. Henderson and many others.

His Excellency briefly addressed those present, complimenting both the bride and bridegroom and proposed the toast to the happy couple which was enthusiastically honoured.

The bridegroom suitably replied.

Pipers from the H.K.S. Bde. R.A. rendered pleasing music.

## Workers' Sympathy For China

Geneva, June 15. Faced with the impossibility of presenting to the Conference a resolution on China, the Workers' Group of the International Labour Office has drafted a motion stating that in view of the extreme distress of the Chinese people in consequence of unjustifiable aggression, which rejects no means, including the bombardment of open towns, the Workers' Group expresses indignation and demands that all governments implement the League Resolution on aid to China.

The motion also calls on labour organisations in all countries to pursue action friendly to China. (Reuter).

## MCCALL PLEADS GUILTY TO KIDNAPPING

Miami, June 14. Franklin Pierce McCall appeared here today on the double charge of kidnapping and murdering "Skeegie" Cash, infant son of a Princeton garage-owner who paid \$10,000 ransom for the return of the child. The body of the baby was found last week in a thicket near its home.

McCall pleaded guilty to the charge of kidnapping the infant for the purpose of holding it for ransom, but pleaded not guilty to the charge of killing "Skeegie."

#### CRICKET LUNCH SCORES

### ASSAULT ON TAXI-DANCER PROVED

#### Accountant Fined At Central Court

Yip Ping-chun, an accountant, who was charged with the assault on Miss Yung Lai-la, a taxi-dancer employed at the Capitol Ballroom, on April 1, was found guilty and was fined a sum of \$100 by Mr. Butters at the Central Court yesterday afternoon when the case came to a conclusion after several hearings.

Mr. M. A. da Silva was for the prosecution and Mr. Hin-shing Lo for the defence. Mr. Leo D'Almada, S.M., held a watching brief on behalf of the Capitol Ballroom.

It was stated at the previous hearings that Yip gave Miss Yung two blows on the face and then kicked her in the abdomen. Miss Yung fainted as a result of the assault and was conveyed to hospital, where she was detained for a short period.

Yip denied the charge against him and said he neither assaulted nor kicked complainant as alleged.

Wong Pui-chee, a witness for the defence, stated that he saw complainant striking Yip's partner, Miss Tong Ying and defendant made attempts to separate them when several people approached Yip and held him apart. Yip did not assault the complainant, witness said.

Convicting defendant, Mr. Butters said he found the assault proved and there was no evidence of self-defence. The evidence for the defence was unconvincing, said His Worship.

## GOLD RUSH IN LONDON

### But Devaluation Not Seriously Accepted

London, June 15. The bullion market again witnessed a gold rush today when the turnover at fixing exceeded £1,750,000, with the price eventually forced up 12½ pence above the American parity.

The morning newspapers unanimously deride dollar devaluation rumours. While admitting that the actions of President Roosevelt always defy prediction, it is pointed out that the only reasonable grounds for the present fears is the fact that dollar devaluation is practically the only expansionist weapon not yet used. ### MISLEADING CASES IN HONG KONG

(Continued from Page 1)

"The plaintiffs claim that the defendant has purchased a part of the business of Messrs. Dozem Kwik Ltd. and having omitted to publish the necessary advertisements has rendered himself liable to them under the Ordinance."

#### FACTS, NOT DISPUTED

"The facts are not in dispute. The defendant Ulysses A. Globetrotter is an American gentleman of considerable wealth who resides at Walla Walla, Wash. in the United States of America. He was prosecuting a voyage round the world and in the course of it arrived in Hong Kong, where he was minded to stay a week."

"On the morning after his arrival, the first of April, he proceeded to the shop of Messrs. Dozem Kwik Ltd. and there purchased, for reasons unconnected with this case, a bottle of Cascara Sagrada Pills. Unfortunately for himself Mr. Globetrotter did not pay cash—in which case the transaction could not have been traced—but anticipating further calls upon the resources of Messrs. Dozem Kwik Ltd. he opened an account."

"Messrs. Dozem Kwik a day or two later suspended payment being then indebted to the plaintiffs for the 8 cases of tablets, and the plaintiffs accordingly, have invoked the aid of the ordinance and commenced these proceedings."

#### A TEST CASE

"The case is, I am informed, a test case and in the event of its success all the other creditors of Messrs. Dozem Kwik Ltd. amounting in the total I understand to some \$250,000, will advance their claims against the defendant."

"The defendant argues that the ordinance does not apply to his case and relies on four grounds in support of this proposition as follows:—

(1) That the ordinance cannot have been intended to apply to innocent foreigners passing through the Colony, as these are not within the mischief the ordinance was passed to prevent. And it was impressed upon me that a judgment would be fatal to the "Come to Hong Kong" movement, so necessary for the restoration of prosperity."

(2) That the words "part of a business" cannot refer to a single purchase since it leads to the absurdity that by purchasing a single article the buyer becomes liable to all the debts of a possibly large concern."

(3) That the ordinance requires the transferee to publish the address at which he means to carry on business and therefore cannot refer to a person who like the defendant has no intention of carrying on any business in the Colony."

(4) That if these contentions fall the matter is too trifling for the attention of the Court, for de minimis non curat lex which may be freely translated "the law pays no attention to trifles."

#### THE MISCHIEF

"I am not impressed by these arguments for the following reasons:—

(1) The mischief the Ordinance was intended to prevent was the private buying of a business or part of one. Fraud is immaterial. No transaction however innocent and domestic can escape."

"As to the second point, so far as it is material at all the "Come to Hong Kong movement" cannot be intended to attract to the Colony persons who do not take the pains to acquaint themselves with the law of the place where they propose to stay. People who like the defendant are no sooner landed than they rush to a shop and buy part of a business without taking the simple precaution of advertising their intention in the Government Gazette and two Chinese newspapers, are no asset to the Colony."

(2) When the Court is confronted with the choice of two alternative constructions to an enactment, it will be influenced by the fact that one of them will lead to an absurdity and will not impale itself on that horn of the dilemma that involves a denial of common sense. But in this case the absurdity is implicit in the ordinance, which requires a transferee who has bought part of a business however small to pay the debts of the whole, and in the absence of

ambiguity, the Court is not concerned with any absurdity which may attend the experiments of the legislature.

#### UNAMBIGUOUS

"Here the language is quite unambiguous. It is clear to me that the stock in trade is part and a most important part of a business, and a part of the stock in trade however small can be in no different situation. The defendant therefore by buying this bottle of pills became a transferee of a part of the business of Messrs. Dozem Kwik Ltd. with all that that implies."

(3) I cannot accept the argument that the defendant was not going to carry on the business. He was certainly going to carry on that part of the business which he bought. When I look at the definition of business in his ordinance I see that it means any trade or occupation, other than a profession, carried on with a view to profit."

"There is no evidence before me as to whether the defendant proposed to take the pills himself or distribute them among his family, but I am satisfied that the consumption or distribution of cascara sagrada is clearly an occupation other than a profession, and can only have been carried on by the defendant with a view to profit for himself or his dependants."

(4) This argument would have had more substance had we been dealing with less substance, for example an isolated pill, but we are not. There were a considerable number of pills, enough to accommodate the defendant his family and as many of his friends as were likely to be in need of them. They were packed in a special bottle and attractively got up."

"Had the defendant refused to pay Messrs. Dozem Kwik Ltd. for them he could have been sued in this Court, and in that action this defence would not have been open to him—nor is it here."

"There will be judgment for the plaintiff with costs."

(All the persons, places and incidents referred to in this Article are entirely fictitious and have no relation to reality, except the Ordinance and Walla Walla, Wash. both of which really exist).

had been made by the Burgos authorities themselves last Saturday, and that was that a port in Spanish Government territory be selected outside the zone of military operations for use of British merchant shipping.

The Premier said there were certain obvious difficulties about this suggestion.

#### FRANCO RESPONSIBLE

Replying to one of the supplementary questions by the Opposition Leader, who asked if he were making representations not only to General Franco but to those Governments which also were supplying the attacking aircraft, the Prime Minister said he thought they must hold General Franco entirely responsible for the order

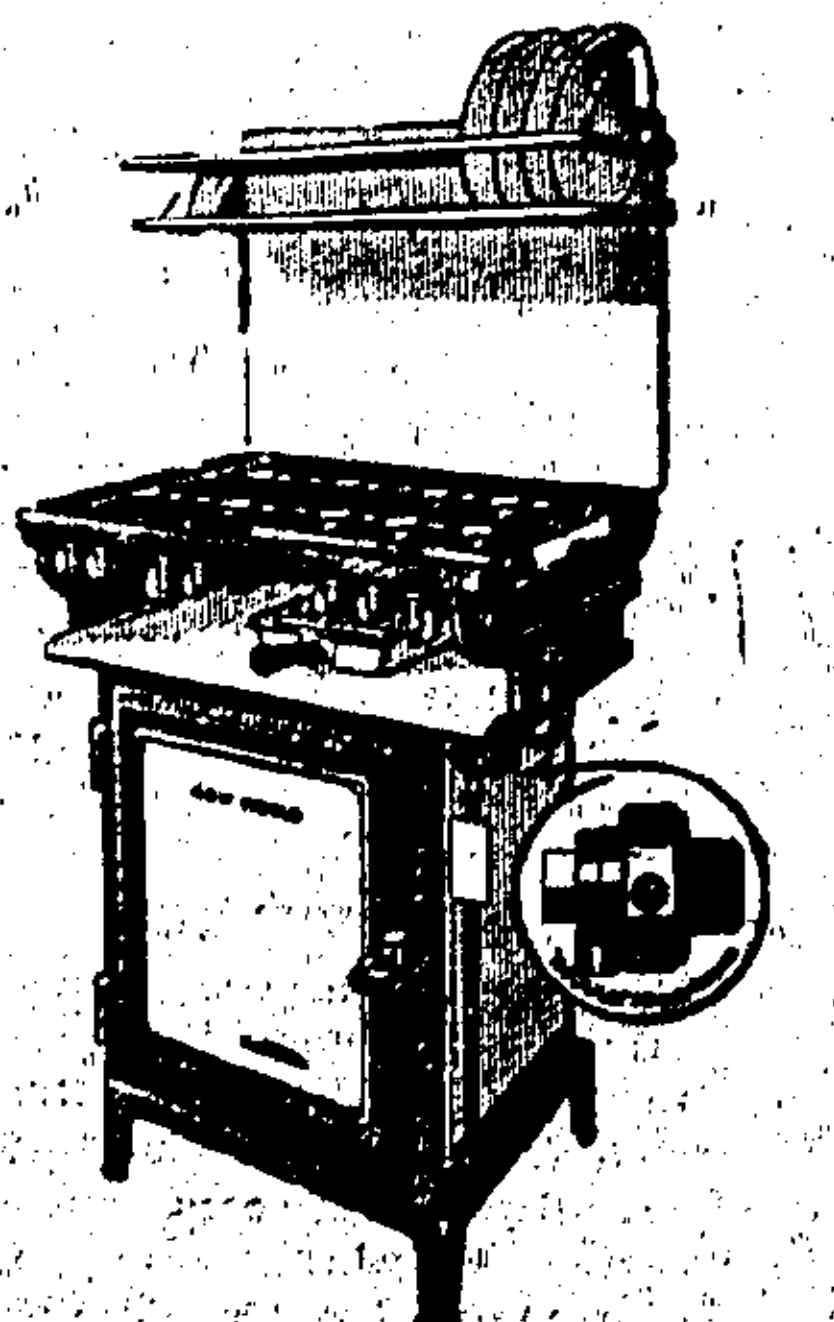

given to forces under his command.

A similar statement was made by the Foreign Secretary in the House of Lords, where Lord Snell said that when they had had opportunity to study the question they might have to ask for a debate.

#### MEDIATION

Questioned regarding mediation in Spain, the Prime Minister said no proposals of this nature had been received from either side in the civil war but His Majesty's Government would continue to watch the situation and would be ready to propose mediation either alone, or in conjunction with other countries, at any time when the prospects of successful action appeared favourable. # KOWLOON DOCK WELL BEATEN BY THE POLICE AT HUNGHOM

## CRAIGENGOWER'S FORM CAUSING ANXIETY TO THEIR SUPPORTERS Another Tie Recorded

(BY B.R. SWILLER)

There was only one upset in last Saturday's Lawn Bowls matches—the defeat of Kowloon Dock by the Police. For Kowloon Dock to lose to the Police after their splendid achievement the week before when they beat the redoubtable Craigenower is (if I may say so) in the nature of an anti-climax. No doubt the Police team boasts of some names well-known in local bowls circles, but they have not done anything noteworthy this season and consequently are practically at the bottom of the League Table.

It is not to be wondered at then that their most sanguine supporters did not expect them to beat Kowloon Dock. But the unexpected happened. They beat Kowloon Dock in no uncertain manner as they had 18 shots to spare at the end of the game—a sure indication that there was nothing fluky in their win. What makes the Police victory more praiseworthy is the fact that they played on their opponents' green.

This is the second time this season that the Police have brought off the unexpected, the first occasion being when they beat the Kowloon C.C. also playing on their opponents' green, some weeks ago. To A.E. Carey who beat J. McKelvie by five shots, and E.C. Post who beat J. Brown by 18 shots goes the credit for the Police victory by 18 shots.

The form shown lately by the Craigenower bowlers must cause anxiety to their supporters. Three weeks ago, playing at home, they were nearly defeated by the weak Civil Service team. The week before last they were actually defeated by Kowloon Dock and last week they were again very nearly beaten—this time by the K.C.C. They won only by the very narrow margin of 5 shots.

**BRADBURY'S EFFORT**  
This victory for Craigenower was made possible only through Bradbury's fine effort who beat J. Hyde by 27 shots to 12. If it had not been for this, Craigenower might well have lost as, though Dick Bass ended his game on the right side of the score card, his win of 3 shots over E. Kern did not make up for the deficit of 13 shots in Omar's rink.  
E.C. Fincher in this match added further to his laurels by a fine win over Omar. Fincher, incidentally, has done uncommonly well this season as he has won five out of his six games and is second in the Skips' Table only to F.X. Silva who has, so far, a 100 per cent record.

**INDIANS BEATEN**  
As expected, the Kowloon Bowling Green defeated the Indians quite easily by 21 shots. E.W. Lines gave further indication of his ability as skip by convincingly beating Dallas by 19 shots. Dallas' rink man for man, could not stand up to Lines, all of whom played steadily.  
R. Duncan had the better of Minu by 12 shots. The former gave a sparkling display of bowls. So well did he play that he was able to do exactly what A. Hyde Lay, his No. 3, told him to do. Very early in the game, Minu was lying one shot with Duncan having a few seconds. With his last wood, the latter took away Minu's shot to give his side a count of 5.  
Arculli played an excellent game to beat J.G. Meyer by 12 shots. On a couple of heads he not only saved big counts against himself but he actually came in with perfect draws to take the first shot. It is long since I saw Arculli play so well. I hope that he will be able to maintain this form. A. J. Hall was easily the best man in Meyer's rink.

**ANOTHER TIE**  
Another tie in the scores has again been recorded this season—this time in the Second Division match between the Hong Kong Footballers' "B" team and the Kowloon Bowling Green. It is unfortunate for the Footballers that in the course of the game F. Haynes, one of their skips, fell ill and could not continue with the game.  
As he was leading G. Thompson by 11 shots to 1 on the 7th head when he had to stop, it is quite safe to presume that the game would have ended in favour of the Footballers if he had been able to go on with his game. As it was his rink, playing without him, were able to add only four shots for the rest of the game which ended with Thompson being 12 shots to the good. As this was the number of shots by which the other two K.B.G. skips were in arrears,

Thompson's win enabled his team to tie with their opponents' score which was 59 shots.

### TAIKOO DO WELL

Although the Taikoo R.C. are practically at the bottom of the Second Division League Table, their victory over the Hong Kong Footballers' "A" team (which, by the way, was relegated from the First Division) cannot be termed a surprise in view of the indifferent form shown of late by the latter.

R. Keown did extremely well to beat J. Rodger by 32 shots to 20. Incidentally, he collected a couple of sixes off Rodger quite early in the game.

The Craigenower Second Team had matters very much their own way when they met the Civil Service, C.C. on the latter's green. They were up in all rinks. J. Cavanagh being credited with the biggest margin of victory in beating S. Eccleshall by 17 shots. The game ended in a big win for them by 32 shots.

Hilmyer, of the Civil Service, after his fine game last week against R. Keown, lost to M.A.R. Souza by 11 shots.

### IN WINNING VEIN

In the Third Division, the Kowloon Football Club still continue in winning vein, their victory over the K.C.C. at Cox Road on Saturday being their seventh. W. Field, as luck would have it, was drawn against H. Nish, both of whom were for last Saturday headed the Skips' Table for the Third Division, each having five victories to his credit.

Nish's colours were lowered, as Field won quite easily by 28 shots to 12. J. Gibson was the only K.F.C. skip to lose, being beaten by J.M. Jack by 3 shots.

The Hong Kong Electric in their match against Kowloon Tong, won only by the skin of their teeth, as they had only one shot to spare at the end of the game. L. de Rome, in spite of scoring a seven, won by only six shots against A.H. Basto.

With a fine effort, A. Spary very nearly snatched a victory for his side from the Hong Kong Electric, but his win of 13 shots over J. Sloan just failed to offset, de Rome's and W. Musket's win of 14 shots.

### SURPRISE DEFEAT

Several matches were played off last Sunday in the first round of the Open Rinks Championship. Whilst on the whole the decisions reached were more or less expected, the defeat of the strong Craigenower combination of M. A. R. Souza, J. S. Landolt, R. Bass and B. W. Bradbury at the hands of a Third Division Rink consisting of C. C. Pereira, O. P. Remedios, J. C. Remedios and E. de Souza came as a great surprise.

With a six very early in the game, the Rink led all the way through to win eventually by 28 shots to 14.  
Bradbury fought hard to save what he knew was a desperate situation, but this he found to be increasingly difficult as the game progressed. Landolt, his No. 2, was definitely "off colour" and did not play as well as usual. The Portuguese, on the other hand, played extremely well, particularly J. C. Remedios as No. 3 and E. de Souza as skip.

### VALLEY FOUR HUMILED

It seems that fate has chosen Rink to be the instrument of Craigenower's downfall. As yet another formidable Valley combination (in fact last year's champion rink of J. Soares, J. Leonard, L. C. R. de Souza and C. S.

## Ascot Meet

### FOXGLOVE WINS THE GOLD VASE

London, June 14.  
Starting a 4-1 favourite and ridden by Gordon Richards, Foxglove readily won the Gold Vase, worth over £2,000 from 20 opponents at Ascot today.

Backers generally had a successful start, two other favourites in the first four races winning. The undefeated two-year-old colt, Panoramia, easily won the Coventry Two-year-old Stakes, starting at 2-9.

The other favourite was Mr. J. Westoll's Fawn, starting at 5-1. Fawn beat 24 opponents comfortably, winning the Ascot Stakes. Lord Derby won the Queen Anne Stakes with St. Magnus, starting at 7-1.

### SCOTTISH UNION

Mr. James Rank's Scottish Union showed that its Derby performance was no fluke by winning by three lengths the St. James' Palace Stakes, starting at 4-1.

Sir Abe Bailey's Golden Sovereign, at 11-2, was second.

The first French challenger to be successful was when Princess Faucigny - Lucinge's Louragan, starting at 8-1, won the Prince of Wales' Stakes in a short-lived finish.

Mr. Frank Butters provided a hit. Mr. Lant's Belle Travers at 3-1, and a second, H. H. the Aga Khan's Yakimour, at 10-1, in the Queen Mary Stakes. Sir Abe Bailey's Streakaway, at 8-1, was third.—(Reuter).

Rossetet were humbled by a Portuguese rink composed of J. A. Luz, A. P. Guterres, F. X. Soares and B. Basto, most of whom play for the Recreio Second Team.

Though the decision arrived at in this match (which, by the way, was played on the K.B.G.C. green) was rather unexpected, it occasioned no great surprise to some as all the Portuguese lads have been playing very well indeed this season, whereas the form shown by Rossetet's four has been indifferent.

### OPEN PAIRS MATCH

In a third round match in the Open Pairs Championship played last Monday, A. A. Dand and L. Jack, both of whom play for the K.C.C. first team, were surprisingly beaten by A. Hodges and H. A. Brooksbank, of the Hong Kong Football Club, by 22 shots to 19 on the Police green.

Down by 20 shots to 11 on the 18th head, Jack very nearly pulled the game out of the fire by scoring a four, two and one towards the end. On the 20th head, Jack was lying about five shots but Brooksbank with a pound-on shot, took the Jack to give his opponents only a couple.

On the last head, Jack, needing a five to win, nearly brought it off, his last wood just failed by a fraction of an inch to flick the kitty over to one side to give him the required number of shots. He only managed to get one shot on this head to bring his score to 19.

The following are the matches for Saturday:

**FIRST DIVISION**  
Civil Service v. Kowloon B.G.C.  
Kowloon C.C. v. Kowloon Dock.  
Craigenower C.C. v. Recreio.  
Police R.C. v. Indian R.C.

**SECOND DIVISION**  
Kowloon B.G.C. v. Civil Service.  
Taikoo R.C. v. Craigenower C.C.  
Recreio v. H.K. Football Club "B".  
Police R.C. v. H.K.F.C. "A".

**THIRD DIVISION**  
Kowloon F.C. v. Craigenower.

## DEPLORE AUSTRALIANS DID NOT HIT OUT

### Opinion Of First Test

London, June 15.  
The English and Australian press says that the outcome of the first Test match should hasten the holding of unlimited Tests, although it is probable that five-day matches will come first.

It is generally deplored that the Australians did not hit out when the match was safe, to relieve the monotony for the crowd.

One critic says that it must have been years since Bradman batted all day for five fours and that he walked off without cheers.

Get rid of  
Disfiguring  
Blemishes  
this  
Easy Way

Nothing can be more distracting to a woman than ugly pimples, burning irritations or patches of blackheads or enlarged pores on the face or neck. Some resort to heavy powdering in an effort to hide them; whilst others cause the skin to become muddy-looking, coarse and blemished by using the wrong treatment.

To make your skin clear and healthy, to cleanse clogged facial pores, remove blackheads and pimples and to make your complexion clearer and smoother, use Cuticura.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant and mildly antiseptic lather is soothing and softening; washes away pore-deep dirt which causes blackheads, enlarged pores and ugly complexion defects.

To rid the skin of pimples, skin outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs; soothes and heals and quickly clears the skin.

## THIS IS AMERICA OR SOME OF IT

THE FAVOURITE shirt of Governor Murphy, head of the mighty State of Michigan, has come home again.

There was a great to-do at the Governor's mansion the other day when it hadn't returned from the laundry. Told that the Governor had to have it that night for the President's ball at the White House, the laundry said he would have to send along the National Guard to get it.

Wagon drivers, on strike, were picketing the laundry—tough husky fellows—and nobody dared take the Governor's shirt past the picket line.

By court order the pickets were removed, and the laundry started a search for the Murphy shirt, among the accumulated dirty linen of a week, with a two-dollar prize for the one who found it. The prize went to Miss Lydia White, and the shirt went to Governor Murphy. But by that time the ball was over.

MRS. ALTA MOORE, pretty, aged 23, was wearing robin red finger-nail polish at a football game between Polytechnic and Lowell High Schools at San Francisco. Robin red is just about the same shade of red as the colours worn by Lowell—but Mrs. Moore sat in the Polytechnic cheering section. The Polytechnic headmaster, Mr. James E. Addicott, objected. A judge and jury heard the case the other day.

Mrs. Moore claimed 10,000 dollars damages. "Polytechnic is my alma mater," she told the judge. "and I had a right to sit in that cheering section, no matter what was the colour of my nails. That didn't affect my loyalty to the team."

"Well, I left my coat on my seat while I went to get a drink of water, and when I came back Mr. Addicott wouldn't let me in. He said my nails were slaughterhouse red—but they weren't really, Judge; just robin red, as I said—and he told me, 'We don't want your kind here.'"

I wanted my coat, but he called a policeman and had me put out. The policeman asked me, 'What's the matter with the old buzzard?' He was a very nice policeman, and he found me another seat. But I was hurt, just as Mr. Schiller said."

According to Mr. Schiller, her lawyer, "she was assaulted, mauled, ill-treated, and wounded so that she suffered great bodily pain, hysteria, recurrence of an old heart ailment, and loss of dignity." Mr. Addicott said he believed he handled the whole thing good naturedly, "but I'll admit I pushed Mrs. Moore if she'll admit she pushed me first." Mrs. Moore would admit no such thing. Damages for the plaintiff, 750 dollars.

CHICAGO psychologists, always ready for a rough and tumble, have been airing their views on why women go in for self adornment on a large scale.

Some of their views:—  
"Women do it because they need a pick-me-up, when they are blue or have just had a row with their husbands or male friends.  
They do it to punish husbands, who have to pay the bills.  
They dress smartly to catch the interest of the male.  
They toll at their toilets to satisfy the critical taste of other women.  
They do it all because 'away down deep, every woman wants to satisfy herself.'"

Two advertisements: "For sale, delicatessen store doing fine business in Jewish neighbourhood. Must sell. (Partners right)."  
"Two men's 50 per cent. wool union suits, exchange for girl to help with housework."

ON THE JUMPING talents of Aurora Borealis, his pet frog, Philip R. Bradley has wagered 10,000 dollars. Bradley feels just that sure that Aurora Borealis will outleap all other frogs in the frog derby to be held at San Francisco soon, as part of the celebrations at the dedication of the mining, metals and machinery palace for the 1939 World's Fair. Thomas E. Campbell, former Governor of Arizona, has covered Bradley's bet. Now he is looking for an ambitious frog.

In the swamps of Florida other people are searching for frogs, too, for the second International Frog Olympics held by the Sarasota Junior Chamber of Commerce. High hopes are held in Florida that one of the contestants will lower the world mark set by Wocco-Pep at a meeting at Wauchula, Florida, on July 4, 1934. With

nothing but glory to spur him on, Wocco-Pep cleared 13ft. seven inches from a standing start. The champion has now withdrawn from active competition.

OPPOSING the Government's anti-lynching Bill in the Senate at Washington, Senator Ellender, bushy-haired representative of Louisiana, recently made a speech lasting 27 hours and 45 minutes. The Senate fears that one day he will really let himself go.

Since a rabbit's foot, as all but the ignorant know, brings luck to its human owner, Mr. Fred Dawson, of New York, presented one to his wife. She contracted tularemia, or rabbit fever, and almost died.

When a nurse brought a girl baby into Mrs. Lawrence E. Sanders, in the Shamokin State Hospital in Pennsylvania, Mrs. Sanders called for the police. She said her baby was a boy, and someone had mixed the babies up.

The hospital superintendent said records showed Mrs. Sanders's baby was a girl, all right, but nurses by mistake had said she was a boy.

## Surrey Lose WARWICKSHIRE'S RECOVERY AT THE OVAL

Warwickshire made an excellent recovery in the last innings of their match with Surrey at the Oval recently. They won with unexpected ease by five wickets, and so gained their second victory of the season, says The Times.

The visiting team had lost one of their wickets overnight for 17 runs, but 211 was not an unconsolable amount for the others to make. Santall had gone, and the day's start was not encouraging. Croom soon was caught at the wicket off Watts's bowling, and, at 27, Hill obtained his pair in attempting a hook off Governor.

Buckingham overcame the horrors of an uncertain beginning against Governor's fast bowling and began to settle down. His partner, Ord, did even better, for his stroke play often was first class.

Both batsmen had to be careful, for there was no room for any more bad strokes, but in after more than an hour and three-quarters they pulled the game round and added 84 runs for the fourth wicket.

L.B.W.

Buckingham was then leg-before-wicket to H.M. Garland-Wells, who had just made a timely change of bowling.

P. Cranmer, very wisely, did not let the attack grow unduly elated over the end of a telling partnership, for he opened with two hits to the boundary off Governor.

Yet he required an extra life at the figure 13, when Garland-Wells failed to hold a catch in the slips. Parker did not let off Ord in the same way when that player had reached 43, but Cranmer's second life proved disastrous to Surrey.

He went on to hit up 60 in three-quarters of an hour, and, with no more than 43 wanted, the match had been completely turned in Warwickshire's favour.

Cranmer, with Fantham, a useful foil at the other end, went on hitting his way through the Surrey hopes and was 88 not out when the winning hit was made. His strokes included a 6 and thirteen 4's.

## AUSTRIAN LOANS

London, June 15.

The Chancellor of the Exche-  
quer, Sir John Simon, was asked  
in the House of Commons last  
night what steps the British  
Government proposed taking with  
regard to the Austrian debts.  
The Chancellor replied that  
negotiations were now going on  
with the German Government, and  
unless a satisfactory settle-  
ment of the question was ar-  
rived at the British Government  
may terminate the present Anglo-  
German payment agreement with-  
out notice.

"We are therefore free to take  
any necessary measures from that  
day," Sir John said.—(Reuter).

The Chinese Government has  
ordered local authorities to put a  
ban on the exportation of old cop-  
per coins, says a report to the  
Morning Leader. At the same  
time, it is reported, the Central  
Mint has asked Chinese banks to  
collect these coins on its behalf.  
For the absorbed coins the finan-  
cial authorities have authorized  
local banks to issue 1-cent and 5-  
cent subsidiary notes.

## VERTICAL FLIGHT HOPE OF DEVELOPMENT IN BRITAIN

The efforts which the Air Minis-  
try has made in the past 10 years  
to encourage the development of  
aircraft capable of vertical ascent  
and descent are likely to be in-  
creased in the future, writes the  
aeronautical correspondent of The  
Times.

It had been hoped that before  
now a British company would  
have been formed to handle the  
Asboth helicopter, which an Air  
Ministry official tested some years  
ago. Recently the Clerva Com-  
pany has established business re-  
lations with the Focke-Wulf Com-  
pany in Germany, which has pro-  
duced a helicopter of a loaded  
weight of 2,100 lb. capable of  
climbing vertically at the rate of  
710 ft. a minute.

This machine holds the world's  
height record of 8,000 ft. for pure  
helicopters. The Clerva Company  
has given to the German company  
a license to build the Autogiro,  
and is in negotiation for certain  
rights in the Focke-Wulf helicop-  
ter.

If these are obtained they will  
form the basis for British experi-  
ments, and it may be possible for  
the Air Ministry to arrange for

certain work to be undertaken by  
the Clerva Company.

## NO FIXED WINGS

The German helicopter has no  
fixed wings, but depends for its  
life on two big air screws set at  
the tips of the wing structure to  
rotate in a horizontal plane.

Control is obtained partly through  
the air screws themselves, and  
partly through elevators and ruder  
in the normal position.

There is no tractor air screw in  
the nose, but as the helicopter in  
vertical flight has no forward  
speed, a fan is set in front of the  
engine to cool it.

Notwithstanding these charac-  
teristics, the helicopter is capable  
of a maximum forward speed of  
about 80 miles an hour. It there-  
fore promises a combination of the  
power to move quickly over the  
ground with the ability to hover,  
which is of great value in avoiding  
collisions in bad weather.

Its influence in introducing the  
aeroplane to districts where ordi-  
nary landings are impossible may  
lead to a wide extension of flying.  
The device, if it can be fully de-  
veloped and applied, may have  
important uses in both military  
and civil flying.
